## 10th IEEE INTERNATIONAL CONFERENCE ON BIOMETRICS (BTAS)

In September, IEEE Entrepreneurship hosted a panel at the 10th IEEE International Conference on Biometrics in Tampa, Florida. As the Chair of the IEEE-USA Entrepreneurship Policy and Innovation Committee, I was honored to moderate the panel. The panelists are all accomplished entrepreneurs with extensive experience and they shared their insights with an audience of students, professors, and industry professionals.

## CODECHIX FOUNDER ON WHY SHE FOLLOWED HER PASSION

Not many of us would have the courage to quit our day job to focus full time on a passion project. But that's what IEEE Member Rupa Dachere, a software engineer, did last year. Her passion is CodeChix, a nonprofit in San Jose, California, that she formed in 2009 to offer mentoring, networking, and technical training programs for female developers and engineers.

## STARTUP'S INNOVATION QUICKLY COOLS DOWN MOBILE DEVICES

As electronics get smaller and more powerful, they are generating more heat. One challenge for manufacturers is finding a way to cool down their creations without affecting performance. Mechanical engineer Bernie Malouin, the founder of the startup Jetcool Technologies, says making bigger heat spreaders is a backward approach.
