# OVERVIEW

The 49th Annual Frontiers in Education (FIE) Conference is a major international conference focusing on educational innovations and research in engineering and computing education. We welcome submissions related to educational issues in electrical and computer engineering, energy engineering, software engineering, computing and informatics, engineering design, and in other engineering disciplines. FIE 2019 continues a long tradition of disseminating results in these areas. It is an ideal forum for sharing ideas, learning about developments and interacting with colleagues in these fields.

# PAPER CATEGORIES

FIE welcomes 3 paper types: 1) full papers up to 8-pages, 2) work-in-progress (WIP) papers up to 4-pages and 3) student poster papers (NEW) up to 2 pages. Each paper type should address one of the broad tracks of (1) innovative practice, (2) research-to-practice, and (3) research. WIPs are typically in frontier areas where the work is in an early/intermediate stage and authors are seeking feedback. Student poster papers require the first author to be a student. Additional information may be found on the FIE 2019 Web site.

# IMPORTANT DATES

- Abstract Submission Deadline: **January 19, 2019**
- All Acceptance Communications: **February 4, 2019**
- Preliminary Paper Submission Deadline: **March 26, 2019**
- Peer Review Final Acceptance Communication: **June 1, 2019**
- Final Camera-Ready Paper Submission & Copyright Deadline: **June 15, 2019**
- Early Registration Deadline: **September 18, 2019**
- Hotel Deadline: **September 27, 2019**
